### Mānawatia a Matariki

As you know 2022 is the first year of recognising Matariki with a national holiday and as in previous years, teachers are in the process of organising experiences to celebrate this special occasion. In addition there are numerous happenings city and country wide.

The Matariki aka Pleiades, cluster of stars, are embedded in the mythology of numerous countries and celebrated in different ways. Here in Aotearoa Matariki celebrations can be quite unique to different iwi/hapu.

Ngaio is off to Te Papa to attend a Matariki workshop June 30. This is just one whānau so we'll be sharing respective programmes from whānau with you over the next couple of weeks. Regardless the overview includes basic knowledge of the cluster of stars and their meaning. There's also a healthy debate around how many stars are in the cluster.

## CQS Runathon

We have the annual CQS Runathon coming up on Tuesday 14th June. This is an opportunity for all our kids to participate in a healthy and fun event, as well as being an important part of our school fundraising.

We will walk up to Charles Plimmer Park at 1.30pm and the running will get underway by 2.00pm. We welcome all supporters. The kids will complete as many laps of the park as they can in 20 minutes. Teachers and organisers will record their laps as they sprint, jog or fly past!

Please return your form back to the classroom teacher by Monday 13 June. (*We have spare sponsorship forms available in the office*).

You will then have until 1 July to collect sponsorship money.

## Ngaio's persuasive writing about the school playground

### (Verbatim)

Clyde quay school is a magnificent community but it can be more improved. Even though students feel well protected and welcome here, it still needs an upgrade because it's boring to stay with the same equipment the full time kids are here. Students need to get used to differences and new opportunities. Can you imagine a playground with so many options you don't know what to choose first?

Stella

**CQS play area is pretty spectacular already but is it possible to make it even more awesome? Just picture it heaps of new equipment imagined & designed by tamariki from every age group. There are millions of possibilities as long as it's safe, exciting, & easy to play on it's perfect for CQS play area! After all learning isn't just reading books & using rulers, it's also words, actions, & especially play! A terrific play area means a terrific student.**

Luella

My next idea is that we should get flying foxes. Flying foxes are popular all around Wellington, everyone knows that every playground has to have a flying fox. We could put two by the turf if we remove some stuff. Lastly, if we get two tamariki can race on them. It will make the playground more thrilling for kids to play on.

Rita

Firstly I think they should add a taller and bigger treehouse. The reason they should do this is because lots of people go to the treehouse then it gets too crowded, surely people would need some more room. Also we could get a good view and feel restful if we had a taller treehouse. Why wouldn't people love a fascinating view?

Harry

It would go together beautifully if we also kept the tree house so the little kids don't feel left out. And if we keep it and continue playing on it many families would be piling up to join our school. Keeping the tree house would also be less expensive than paying to get rid of it when getting rid of it is not necessary. Taking away the treehouse could potentially mean replacing it with something bigger taking up even more space. So my main point is if we get rid of the tree house we might damage our fabulous playground more than improving it. And getting rid of it would be a tedious process because it is so strong.

Win

Idea three: by the floor of the towering Neptune, the school could add fuzzy foam because if absent minded people plummet from this neptune, they won't get wounded or hopefully won't break a bone. Adding foam to the Neptune ground will also prevent naughty children from uncaringly booting the school's balls from going over the neighbor's fence and never (probably) be seen again!!! Also people WON'T get hurt by plummeting from the Neptune onto balls that roll there!!!

### Wanting to learn to play the VIOLIN?

My name is Antonia Grant and I am taking on new violin students for Term 3 2022, ranging from beginner to intermediate level. My private practice is based on Thane Road in Roseneath.

I have extensive experience in teaching young students and coaching more advanced ensembles. Playing solo and in ensembles has also been a lifelong passion of mine.

My teaching philosophy aims to keep lessons fun and engaging. Lessons include a combination of musical games and technical focus, depending on my students' needs and personality.

I enjoy teaching both children and adult students... you might like to learn alongside your child!

If you are interested in lessons, feel free to email me or give me a call.

### Eat My Lunch Volunteers needed

We're a social enterprise on a mission to feed Kiwi kids at school who would otherwise go without.

Every lunch someone Buys, means we can Give a lunch to a Kiwi kid in need. It's a little gesture that makes a big difference. We currently provide lunches for 12 schools around Wellington, including **NAME SCHOOL**, and we couldn't do it without the help of our amazing volunteers. We make sandwiches from 6.45-8.30 from our Arthur Street kitchen and also get volunteer drivers to help us deliver to the schools from 9-11.

Volunteering is such a great way to meet new friends and to give back to the community. If there are any parents who would like to support us by doing deliveries or sandwich making, we would love to meet you!
